To the friends of Art and Lafranca Ateliers,

The year 2020 not only is marked by an unprecedented health crisis, but also symbolizes a renewal for Ateliers Lafranca. New sculptures and engraved olive woods have been created under the hand of François Lafranca. The continuity of the Ateliers is taking shape with the rising generation that is increasingly asserting itself in the mill's activities.

On this occasion, we are offering you an exceptional subscription to complete your collection, discover our new products, or surround yourself with unique works that will accompany you in your new daily life and transmit the energy we put into our creative activity.

Subscriptions of CHF 1'000 with 1 voucher of CHF 400 for the current year and 4 vouchers of CHF 300 for the next 4 years (a total of 1'600 in return).

Subscriptions of CHF 500 with 1 voucher of CHF 200 for the current year and 4 vouchers of CHF 150 for the next four years (total 800.- in return)

After which our due will be extinguished. The vouchers cover the hand-made paper (Cartalafranca) and all the works of art available at the Ateliers: those of François Lafranca (sculptures, temperas, woodcuts, embossings, engravings, photographs, artist's books), as well as original prints by Editions Lafranca: lithographs, aquatints, embossings, burins, mezzotinto, etchings and others by about 34 artists, among which many of the greatest of the 20th century.

Your commitment to one or the other form of subscription will enable the carrying out of the of many projects in progress and ensure the continuity of an activity that is (perhaps) unique in the world.

On behalf of the Ateliers Lafranca team

François Lafranca
